

INSTALLING THE OPTIONAL HARSH ENVIRONMENT PREFILTER

CAUTION: Unplug the unit before performing any maintenance procedures.

ActivTek's Optional Harsh Environment Prefilter is designed specifically for areas with tobacco smoke, multiple pets, or anywhere excessive levels of contamination are in the air.

- Protects your air purifier from indoor contaminants, which may shorten the life of your product.
- Reduces monthly maintenance and cleaning time up to 90%
- Helps reduce odors
- Replaces easily, once a month, when cleaning unit
- Great in kitchen environments
- Helps reduce VOC's and other contaminants
- Optional Harsh Environment Prefilter (#9950123)

NOTE: See Page 11 for full instructions on removing Filter Assembly

1. Remove the two (2) thumbscrews securing the top of the Filter Assembly

2. Remove the Filter Assembly by pulling back the top, then lifting up and out.

3. (a) For first install, cut the Optional Harsh Environment Prefilter to size and place on top of Prefilter.
(b) For replacing, remove Optional Harsh Environment Prefilter and replace with a new one.

4. Replace the Filter Assembly, inserting the bottom of the Filter Assembly first.

5. Secure the top of the Filter Assembly by replacing the two (2) Filter Assembly holder thumbscrews.

NOTE: The bottom of the Filter Assembly is held into place by two alignment guides (see inset).
